

# LEAVE A LASTING LEGACY

TSS & Old Boys Community,

We are pleased to announce that the Stumm Library Redevelopment is on schedule to be open and operating for our current boys before the completion of Term 3. The additional learning spaces and resources available within the new building will offer excellent benefits to the boys and staff, producing an advanced facility for many decades to come.

I am also very pleased that another of our strategic projects is soon to be completed. When I was developing the TSS Strategic Plan in 2005/06, part of the vision was to have learning facilities that offered the best opportunities for boys to engage in the most productive types of learning activities that TSS could provide. The Broomhead Lecture Theatre is one of the most progressive facilities for learning and teaching TSS has undertaken. It will be a corner stone for the school's academic programs and help our teaching staff to deliver an increasingly transformative transition to tertiary studies for many boys for generations to come.

I convey my sincere appreciation to those donors who have chosen to support this project with a tax-deductible gift and I will be pleased to share more about that support with our community in due course when we recognise all gifts we have received so far.

For those who would still consider supporting this historic initiative, we ask you to consider making a gift to “leave a lasting legacy” through the final stage of the campaign.

We would happily accept more donations and there are a number of ways we can still recognise this support.

## BUY A LECTURE THEATRE SEAT

The Lecture Theatre requires 220 special seats for operations and this unique opportunity offers you the chance to “buy a seat” for \$750. You will receive a tax receipt for your donation and acknowledgement of your support with your family name on a plaque.

## NAME OPPORTUNITIES (LEARNING SPACES)

As the opportunity has not been specifically available before, we wish to also highlight that there are a few opportunities still available within the Library learning, breakout and resource spaces.

Should you wish to discuss these opportunities further, please contact the Director of Philanthropy, Mr Bruce Wright, as he can provide more information on these opportunities that may be of interest.

It has been exciting hearing feedback from the boys and from staff about the innovative ways they will use the new Theatre to further advance learning and teaching. Thank you again to those who have already made a gift towards this project.

Yours sincerely,

Greg Wain  
Headmaster
