New Lecture Theatre and Harley Stumm Library Redevelopment Campaign
The School Council and I are very pleased to see the launch of the ‘public’ (wider TSS community) phase of the philanthropic fundraising for Stage 3 of the three stage Academic Leadership strategic project which was first conceived back in 2005.

Stage 3 is the final Stage, the completion of an ‘academic precinct’ encompassing a newly renovated Library with a second floor added, and the new 180 seat Lecture Theatre which is configured to allow a teacher to instantly transition from a large group lecture to small group mode to individual learning.

Our boys are already reaping the benefits of Stages 1 and 2 of this major strategic project. Stage 1, completed in 2011, was the Bennett Building with the Year 7 Transition Centre, Visual Arts area, Leadership development rooms and seven large, IT wireless connected, boy friendly classrooms for the teaching of English.

2013 saw the completion of Stage 2, the Sheil Building, containing a Robotics Lab, Drama Studio, Languages classrooms, Student Services area, Studies area, and staff offices and facilities which appropriately match the high quality of our teachers.

Just as many families have done for Stages 1 and 2, I encourage you to consider helping advance the timeline of the final stage of this long-term academic venture by making a tax deductible gift towards this most worthwhile project, aimed at advancing the academic ethos of TSS.

Yours sincerely,

FRASER PERRIN
CHAIRMAN
We have been implementing a vision, designed to ensure TSS stays at the forefront of sound educational research and best practice in the areas that matter most to our boys – now and for their future. To this end, I consider it a strategic imperative that we provide facilities that will offer boys the experience of a productive transition through their educational experience at school and onward to tertiary studies or work. It has also been my goal to develop facilities that lift the academic ethos and capabilities of our students.
This is the next important step in our vision to construct a learning space where large group learning and lecture style teaching in full Year groups of up to 200 boys can be accommodated. Supported by the full redevelopment of our Library environment, the Lecture Theatre will allow for transition from large group learning to small group engagement by the creative use of the environment and equipment therein, with this space served by university level IT facilities.
As a member of the TSS community, you have an historic opportunity to be a supporter of the new Lecture Theatre & Library Redevelopment.

I am pleased to inform you that to date we have received almost $400,000 in pledges and gifts. I am hoping that we can reach a target of $700,000.

Within this brochure, you will find information that describes and presents this project in detail, including the considerable and enduring benefits it will convey to our boys. The Lecture Theatre & Library Redevelopment project offers a unique opportunity for current families and Old Boys to consider naming opportunities in locations in and around the Lecture Theatre & Library.

All gifts are tax deductible. You are also welcome to make a pledge to the Lecture Theatre & Library Redevelopment Appeal and schedule payment of the pledge through instalments during 2016, 2017 and 2018. Our Director of Philanthropy Bruce Wright is available to assist.

I sincerely thank you for considering giving a gift towards this most significant academic resource project.

Yours sincerely,

GREG WAIN
HEADMASTER
Members of the TSS Studies Committee undertook an extensive and thorough consultation process to optimise the design and functionality of the new learning spaces that will encompass the Lecture Theatre, Library, Gifted and Talented venue and surrounds. The design brief for the Lecture Theatre included accommodating whole cohort and large group academic subject sessions for optimal and consistent teaching and learning opportunities.

The Senior Library and Gifted & Talented refurbishment will meet the needs of students of the Information Age with flexible and engaging learning hubs inviting an academic focus in a well resourced, centrally located venue.

Looking ahead to the new Queensland Senior Assessment and Tertiary Entrance process, the Lecture Theatre and Library space will become a significant focus for academic programs and assessment processes, providing an ideal venue for facilitating large group revision and assessment including Year 12 external exams as required by the new Queensland Senior Secondary processes from 2018.

MS JO INGLIS
DEPUTY HEADMASTER - HEAD OF TEACHING AND LEARNING

We will make learning even more fun!

Jo Inglis
Following consideration of the School’s strategic plan and the objectives and benefits of the proposed Lecture Theatre, Mr Malcolm Broomhead has confirmed a major gift towards this project.

“The School Council and I were delighted to hear of Malcolm’s most generous gift. I have long admired distinguished Old Boy Malcolm Broomhead’s character and achievements”.

GREG WAIN

“I decided to make a meaningful contribution as a means of expressing my gratitude for the wonderful start in life that TSS gave me. The values I learnt there, together with the friendships I made, have stayed with me throughout my life. TSS holds a very special place in my heart and always will.”

— MALCOLM BROOMHEAD

The School Council have subsequently confirmed the new facility will be formally known as the Malcolm Broomhead Lecture Theatre.
The next important piece of our vision is the construction of a learning space where large group learning and lecture style teaching in full year groups of up to 180 boys can be accommodated. This facility will also be supported by the full refurbishment of our Library environment, with the Lecture Theatre allowing transition from large group learning to small group engagement by the creative use of the environment and equipment therein. Obviously this space will also be served by university level IT facilities. A planned and significant additional benefit of this large group learning space will be that teachers with particular expertise can directly engage with a whole year level. This also offers us the important opportunity to have teaching colleagues learning from each other for professional development.

The Lecture Theatre & Library Redevelopment projects are a major investment with a value of approximately $6.5 million. The School Council have closely considered the forecast budgets, servicing of our debt and its dedication to continue maintaining downward pressure on school fee increases. Engaging our current parents and Old Boys in philanthropy therefore remains a key necessity in achieving the best outcomes and benefits for our boys now and in the future.
**Gift Recognition and Naming Opportunities**

All donations over $2 are tax deductible.

Requests for anonymity will, of course, be respected and should be noted on your Donation Form or discussed with the Director of Philanthropy when making your pledge and / or gift.

We also invite you to consider leaving a legacy by honouring a family member or friend, or even commemorating your own family time at TSS through this unique naming opportunity. The table below offers reference as an general indication of these opportunities.

A special acknowledgement will be permanently displayed at each of the designated ‘named’ areas for a set duration of time. Acknowledgement of an individual / family is a wonderful legacy for those whose lives have been impacted by The Southport School.

This table offers an indication of naming opportunities available for gifts to the Campaign. We encourage anyone considering a gift to discuss with the Headmaster or Director of Philanthropy.

Please Note: Opportunities are also available for gifts of amounts not specified in the table or in excess of $25,000.
The Headmaster Mr Greg Wain has been conducting a series of Headmaster’s Presentations and offering parents and Old Boys opportunities to attend and receive a firsthand view of what is planned for the upcoming projects. Understanding that many of our wider community may not have been able to attend or access these presentations, the Headmaster’s Presentations for all associated projects have been recorded and are available on application. This may be a more convenient option for you as you can view the Presentation at your leisure, offering you the opportunity to gain further insight into the project and how they will deliver outstanding opportunities and benefits for your son/s into the future.

philanthropy.tss.qld.edu.au

Please contact Bruce Wright should you wish to view the presentations to assist with your consideration.
Yes, I would like to support the Campaign and help provide TSS with a Lecture Theatre and new Library environment.
