

# LEAVE A LASTING LEGACY

Dear TSS Prep Community,

We trust that you are pleased with what we planned to be an improved experience when you now drive in to TSS Prep. The new round-about has been opened and the first major stage of development for car-parking and drop-off / pick-up is operational.

I am also very excited that the next strategic project is advancing towards completion. The Prep School Multi-Purpose Hall is one of the most progressive facilities for learning and teaching that TSS Prep has undertaken and will provide our staff with many opportunities to remain at the cutting edge of education for boys. Consistent with the Headmaster Mr Greg Wain's development of the TSS Strategic Plan of 2005/06, and certainly since my appointment as Head of the Preparatory School, our vision for this new Prep Hall further cements our firm commitment to delivering properly planned and designed learning facilities for the benefit of TSS boys.

I express my sincere appreciation to all those donors who have already made their mark in choosing to support these projects with in-kind and tax-deductible gifts. I look forward to expressing that gratitude more formally in the future. As has been previously mentioned, donations and gifts valued at almost \$400,000 have been raised to date. Our goal was to achieve \$600,000 to complete this project to an exceptionally high standard and also help us to move on to other projects as quickly as possible. The \$200,000 we have as a remaining target provides an opportunity for those who can still consider a gift and thereby leave a 'lasting legacy'

Your tax-deductible gift, no matter what size, is most welcome and there are some ways in which we can still recognise contributions at this time.

## BUY A PREP HALL SEAT

The Preparatory Hall will have 98 grandstand seats permanently in place within the facility. This is therefore a unique opportunity offering our Prep families a chance to "buy a seat" for \$1,500. You will receive a tax receipt for your donation and acknowledgement of your support with your family name on a plaque as well as the Donor Honour Board at the Hall's front entrance.

## NAME OPPORTUNITIES (LEARNING SPACES)

As the opportunity has not been specifically available before, we wish to also highlight that there are a few opportunities for your family to establish a legacy at TSS Preparatory through 'naming' of the few, still available learning, classroom and resource spaces in the Hall. Should you wish to discuss these opportunities further, please contact the Director of Philanthropy, Mr Bruce Wright, as he can provide more information on these opportunities that may be of interest.

I wish to encourage you to please consider supporting in any capacity, the final stage of the Preparatory School Multi-Purpose

Hall Campaign. It will be the centre-piece of our campus and be integral in further providing opportunities for boys, offering them an all-weather facility and a range of activity based programs that also compliment the learning and teaching program across many curriculum areas and help to improve academic outcomes.

Thank you again to those who have already made a gift towards this project.

Yours sincerely,

Jeff Symms  
Head of Preparatory School
