This season we have tried to reinvigorate the fleet with our Year 10 and Year 11 programs benefitting from recent boat purchases. One of my big beliefs is that the First VIII is a by-product of the shed as a whole. It is with this in mind that we have purchased Year 10 Quads and Year 11 Eights to ensure the boys representing TSS are rowing in modern, up to date and well maintained boats. Moving forward we have identified that the TSS First VIII need to also be on equal if not better ground when comparing ourselves to the other GPS Schools in QLD as we aim to win the O’Connor Cup.

The TSS Rowing program, run in partnership with the Australian Sports Foundation (ASF) is seeking tax deductible donations to be made towards our sporting projects. Your generous gifts will assist our First VIII in their endeavours to perform at their very best, while offering a legacy that many boys going through the Shed will benefit for years to come.

*Donations of $2 or more are tax deductible.

The Campaign goal and total value of this boat imported to Australia is $70,000

In a sport where races are won and lost by fractions of a second, the ability to pick up several seconds by properly trimming the hull is a significant bonus for a small effort.

The extensive computational fluids dynamics (CFD) analyses that was done to develop the new Hudson SHARK series of shells made abundantly clear the need to explain this concept to those who will test or purchase a SHARK. Simply put, to increase the stability and performance of these boats relative to our existing hulls we needed to push the state of the art designs to a new level. To achieve this performance we designed the hulls to be optimized for racing speeds.

Hudson TSS ROWING SEASON LAUNCH 2016
ABOUT THE BOAT
Ultimate Super Predator – Hudson VIII
After the Olympics in London, Hudson Owner Jack Coughlan and Technical Operations Manager Glen Burston took a step back to dream about what a racing shell would look like. This liberating exercise allowed the two to lead the team at Hudson to revisit every aspect of the boat with a fresh set of eyes, leaving no stone unturned in the quest for the Ultimate racing shell. Building on the World Class SHARK Series shapes, HUDSON have developed ULTIMATE SHARK Carbon which offers a leap forward in stiffness and durability. With over 10,000 engineering hours invested the result is a boat unlike any other, with features that are functionally revolutionary. Every piece has been CAD modelled, and has been run through a Finite Element Analysis. In addition, having the ability to move the riggers to properly trim the boat from this position is effectively finding some free speed. This is one of the reasons wing riggers are the only rigging option to truly optimize hull speed.

J.C. KING ROWING EQUIPMENT FUND
ASF PROJECT 208015
Please return this form to: The Southport School, 2 Winchester St, Southport Qld 4215
Donations can also be made online at https://asf.org.au/make-donation/jc-king-rowing-equipment-fund/

DONOR DETAILS  A receipt will be issued in the following name. Please print clearly.

<table>
<thead>
<tr>
<th>Title</th>
<th>First Name</th>
<th>Surname</th>
</tr>
</thead>
<tbody>
<tr>
<td>Company Name (if required on receipt)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Address</td>

DONATION  Please find enclosed my donation of:

- $50
- $100
- $500
- $1,000
- Other $_________

I would like my gift to benefit the J.C. King Rowing Equipment Fund as nominated above and I understand that my donation is made unconditionally to the Australian Sports Foundation. By making this donation I accept the ASF's Privacy Policy and Terms and Conditions. www.asf.org.au

PAYMENT DETAILS  Please indicate your payment option by ticking the appropriate box.

- Cheque*  - Cash  - Visa  - Amex  - Mastercard  - Diners

*PLEASE MAKE CHEQUES PAYABLE TO THE AUSTRALIAN SPORTS FOUNDATION LTD.
